What is State Employees Federated Appeal (SEFA)?
SEFA is the solicitation of State employees in their workplaces on behalf of approved charities, authorized thru State Law and Regulations and supported by labor and management.

Through SEFA, state employees can support charities of their choice through a single pledge, easily paid through payroll deduction or by check.

State employees continue to make SEFA one of the largest and most successful state workplace philanthropic fundraisers in the United States. Continuing a long-standing tradition of selfless giving, in 2017, State employees contributed nearly 5 million dollars for local and national charitable causes that help our communities, our neighbors and our world.

Structure of SEFA
SEFA is made up of six regions. In those regions, there are 23 local area campaigns that organize the annual fund raising effort in State workplaces in their respective areas. Each local campaign has a Local Committee, composed of State employees and representatives of labor unions. They are responsible for the oversight of the local SEFA campaign. Each Region appoints two Local Committee members to the Statewide Council which provides guidance and support to the Local Committees. The Office of General Services (OGS) regulates SEFA and provides guidance and oversight.

The SEFA Charity Book
The Charity Book is a document or web-based display of charities that have met SEFA eligibility requirements. A sample charity listing is shown below with key elements shown in italics. Key elements include: the charities SEFA code, the IRS Business File name is in parentheses after the doing business as name, a 25-word statement of purpose, and its administrative and fundraising expense rate (AFR).

Making Informed Giving Decisions
The information below is included to help you identify charities that meet your interests and performance standards.

Sample Charity Listing
ABC Charity (Local Name)
Code: 50-00567 (Capital Region)
www.abccharity.org EIN#: 12-3456789 800-555-5555
We attack the causes of hunger and poverty by promoting effective and innovative community-based solutions that create self-reliance, economic justice, and food security. 15.8%

The Employer Identification Number (EIN) is issued by the Internal Revenue Service (IRS). It can be used for obtaining additional information about a charity from the IRS (877-829-5500). Please Note: Some charities may be covered under an umbrella charities tax exemption status and EIN.

The Administrative and Fundraising Rate (AFR) represents the percentage of dollars spent on administering the charity. It is calculated as a percentage of the charities total support and revenue. Donors concerned about an excessive AFR should contact the charity or review its IRS Form 990, which is available to the public, for a complete explanation. Each situation is unique. Donors may contact the charity directly and/or industry oversight organizations in order to better understand the financial status, service delivery record and governance policies of the charity before donating.

Do I Have To Donate Through SEFA?
Participation in SEFA is strictly voluntary. You have the right to not be improperly influenced regarding your decision to give or not to give through SEFA. SEFA also has different ways you may donate anonymously. Please see your local campaign manager or contact your local SEFA Coordinator. You can obtain the local SEFA Coordinator list on the SEFA website at www.sefanys.org.

Can I Specify Which Charity Will Receive My Contribution?
Yes, SEFA is a donor-designated campaign. By using the code of the charity of your choice, you ensure that your donation goes to meet the needs that you feel are most important. Simply designate the charity(s) of your choice where indicated on your pledge form by entering its code and the amount you wish to pledge. Except for documented expenses for the operation of the local region and unfulfilled pledges, all contributions are distributed as designated.

There is no limit to the amount of contributions a charity may receive through SEFA. There is also no limit to the number of participating charities to which you may designate a contribution. To give to more charities than can be added to the pledge form, complete additional pledge forms with your name on them, and staple them together. The top pledge form must contain the sum of all pledged. You cannot designate to a charity that is not listed in the SEFA Charity Book. Adding charities not listed, or write-ins, is prohibited and donations to such charities will be treated as undesignated funds. In addition, pledges made using anything other than the assigned codes cannot be honored and will be treated as undesignated funds. Any pledges without a valid SEFA code will be considered undesignated. Undesignated funds are distributed proportionally to all charities in your region that received designations.

What Are Federations and Unaffiliated Charities?
A federation is a charitable organization that provides common fundraising, administrative and management services to its member charities. Member charities may pay dues or fees to that federation as a service charge. Unaffiliated charities are not members of a federation and participate in SEFA on their own.

What Happens if the Charity I Select Goes Out of Business Before All Funds Have Been Disbursed?
SEFA will disburse funds to designated charities until it is notified that the charity is unable to accept any further funds due to closure. The remaining designation to the charity will be disbursed as undesignated funds.

What Is the Payroll Deduction Option?
Payroll deduction makes it convenient for you to give by spreading your contribution across the entire year. Payments on payroll deduction pledges begin on the first pay period beginning in January and conclude with the last pay period in December. You may cancel a payroll deduction at any time during the year by notifying your payroll office in writing. There is no simpler way for you to make good things happen for so many people than to contribute using payroll deduction. Payroll deduction helps you care for your community and your world.

Will I Receive a Receipt for My Contribution?
You should keep a copy of your pledge form, as well as your final pay stub (if you made a payroll deduction contribution), as a receipt of your pledge. A State employee who makes a one-time (check or money order) contribution must maintain a bank record and a copy of the pledge form to show the name of the charities contributed to, the date of the contribution, and the amount of the contribution. You should consult a tax adviser to determine if additional verification of the donation is required by the IRS.

What Are the Costs of the Campaign?
Funds are required to print materials, train volunteers, audit contributions and other administrative duties. All local campaign costs are reviewed and approved by the Local Committee governing the local campaign. On average, this cost is low compared with other fundraising campaigns. Therefore, donating to a charity through SEFA ensures every dollar you pledge goes a very long way toward helping others.

What is ePledging?
In general terms, ePledging means that donors have the additional pledging tools of the charity book and pledge form available to them online. Beginning this year all local campaigns offer the online charity book and secure pledge transactions. This paperless process is one way SEFA is striving to go green and reduce administrative costs related to the processing of pledges. Please visit www.sefanys.org to pledge.
